

Small Group Instruction Made Easy with Epic

Presenter | Monica Morgan

Small Group Instruction Made Easy with Epic

- Assign differentiated texts
 - Epic! has filters for reading levels by AR, DRA, Lexile, etc. They also have audio, and Read To Me books.
- Organize reading groups - Create groups within your class roster to assign different books.
- Support targeted instruction with minimal prep
 - As a librarian students come to the library and use the library ipads to work on their reading project. Their minutes read and their scores can be reviewed by the teacher.

Thank you
